

## REMEMBERING MAC

I'd like to pay a short tribute to a great friend and former resident of the Everly House, Mac McEntire. We are saddened and send our condolences to his family for their great loss. Yet, we find comfort in knowing that he is not really gone, He's just passed over into a better place. Mac's favorite song was "In the Garden." In heaven, I'm sure he's experiencing the amazing reality of all those beloved lyrics.

As we celebrate freedom this month on July 4th, we also celebrate those who fought for our freedom. This includes Mac, Vern,

Roger, and Meredith. The wooden flag art that Mac made for the Everly House will always be a reminder of his love of this great Country. Mac was very patriotic and devotedly honored military holidays and memorials. We also remember Mac's generosity when we hear about the good things that Canine Mac has been doing with the local police department, or see the nurses he and his wife helped out with scholarships. On a personal note, I enjoyed his participation with the bulletin coloring, and various craft projects. It was always fun when he joined the group. I also got a kick out of watching his competitive side as he participated as "Joe Cool" during Wii Bowling. I've heard other residents and staff sharing many stories and remembrances of time spent with Mac. We all miss him here at Everly.
