

Seeds of Hope

Lori True, the daughter of Jim Fox, recently had a poetry book published titled, *Seeds of Hope*. Over the years, Lori wrote poetry to help her deal with adversity in her life. Eventually she decided she wanted to share these poems with others. She wanted to let people know that there is hope. There is also someone who loves you very much. That someone is God. He will guide and help you throughout your life. Lori prays that something in her book with touch the reader's heart as God has touched hers.

We are blessed to be able to share this book with the Everly Family. There is a copy on the Newspaper table for the residents to read. Feel free to take it to your room and return it to the table when you are finished.

Seeds of Hope can also be purchased on Amazon and Barnes & Noble websites. Here is a sample of one of her lovely poems.

THERE IS HOPE

The storms of life come raging,
you see no end.
Turn to the Master,
for He can calm the wind.
Sickness attacks,
ailing is your condition.
Have faith
and seek the Great Physician.
Your heart is broken,
in need of great repair.
Seek ye the Potter,
go to Him in prayer.
No matter what you're facing
that brings you so much strife.
Seek Jesus, He is the Way,
the Truth, and the Life.
